<sup>\*\*\*</sup> Total subscribers is not inclusive of 1,588,000 subscriptions reported by TELUS as M2M or connected devices in relation to the Internet of Things (IoT).

<sup>†</sup> As of January 1, 2020, on a prospective basis, TELUS transferred approximately 60,000 mobile phone subscribers to its connected devices subscriber base.

<sup>††</sup> Total Subscribers at end of Q1 2020 is less than the sum of Total Subscribers at the beginning of Q1 2020 + Net Additions because of the removal of ~60,000 mobile phone subscribers from TELUS' subscriber base, as referenced above.

This list only includes Canadian providers who publish subscriber data and does not contain additional numbers for providers who do not publish such data, e.g. Eastlink or Tbaytel. Totals for Bell, Rogers, TELUS and Vidéotron include their respective flanker brands.
